CONSIDER THIS OPPORTUNITY FOR YOU!

It is that time of year to express your interest in DLV 4.0

The learning and experiences that you are exposed to in a DLV is just as valuable as any other.

You have the opportunity to work with companies, government and/or community organisations to:

- **make an impact** in the world you live in,
- **understand their industry and business,**
- **interact and network with stakeholders** (customers, employees, managers, suppliers etc),
- **hone your design thinking skills,** and
- **work as a team** to present the best solution to the client.

These organisations need and value your creative thinking to help them solve real problems and challenges and are craving you to present innovative, fresh ideas.

It is a 10–12-week commitment, 2 hours a week during school time, where you will experience real world learning that will give you an edge over your peers.

Worth considering for your own individual growth.
