JCU Pathways Webinar

Pursue the best path for you to study at JCU.

No ATAR? No problem.

Whether it's been a few years since you finished school or you need a few more qualifications to meet the entry requirements for your chosen degree, there are plenty of options available for you to get into JCU. Even the experience you gained through life and work may make you eligible for certain degrees.

We can also help if you're currently in Year 12 but aren't on track to get the ATAR you were hoping for or haven't undertaken the subject prerequisites of your chosen degree.

No matter your background, JCU has pathways to help you pursue your future career.

Want to learn more? Join us for a free webinar about JCU Pathways. We'll explore the different study options and support services available, application processes, course credits and much more. You'll get the chance to ask study and pathways experts all your questions, so you can get the answers you need to confidently plan your next step.

Time: 7:00pm

Location: Online

Details and Registration:

James Cook University - Heroes in Business: Mt Isa

JCU, in partnership with Queensland Country Bank, is giving local high school students with a passion and desire to develop a career in business, law or finance the chance to learn from industry experts. From this one-day program you'll gain unique insights into the professions that funnel into a business, commerce and law career. An Academic will guide you through the process of creating, exploring and pitching a business opportunity, including the financial and legal implications. JCU Advisors will be on hand to provide information about courses and university life, and a Q&A with local professionals will be an opportunity for students to engage with and hear from professionals within those careers.

Wrap your head around key terms

ATAR

Your ATAR, or Australian Tertiary Admission Rank, is a number between 0 and 99.95 – a rank which tells you about how you've compared to other students.

Selection Rank

Your selection rank is your ATAR plus any adjustment factors (previously known as bonus points).

Adjustment factors are used to increase your selection rank and can be accessed through some alternate equity pathways

Guaranteed Entry

This means that if your selection rank is equal to or above this number, you're guaranteed an offer in that course.

ATAR Profile

The profile shows the lowest, median and highest ATARs and selection ranks received by students admitted to the course. The most useful numbers in the ATAR profile are the lowest selection rank and median ATAR – these will give you an idea of what you'll need to be offered a place in a course.

Elevate Scholarship

Are you a female applying to a STEM related university degree? You could be eligible for the Elevate Scholarship; an award of up to \$30,000 over three years.

To receive an undergraduate scholarship applicants must either have an offer from an Australian university for a STEM course or intention to study a STEM course at an Australian university.

Deadline for 2023 consideration 11:59pm, 30th September 2022

[Download the guidelines from the website for further information.](#)

Elevate scholarships will be open for study in all STEM disciplines. During the consultation period, however, certain disciplines were identified as priority targets.

These disciplines include:

- Advanced manufacturing
- Computer science
- Engineering
- Materials engineering
- Maths
- Natural sciences
- Physical sciences
- Physics
- Robotics
- Software development
- Space science
- Spatial science

Toastmasters

Do you want develop your communication, leadership, training and management skills, and build self-confidence through public speaking?

Then Toastmasters is for you!

There are around 800 clubs and 15,000 members in Australia.

[Find your closest club here by entering your location.](#)

People join Toastmasters in order to:

- Practice public speaking and enhance their presentation skills
- Develop the skills to persuade and convince others
- Learn to put their ideas across clearly and with conviction
- Improve their self-confidence before a group of people
- Learn to think quickly and clearly under pressure
- Learn to listen effectively and critically
- Learn to supportively evaluate someone else's presentation
- Train to become a good leader

In a Toastmasters Club you will learn, by doing,

- How to give an impromptu speech
- How to give a prepared speech
- How to evaluate what you hear
- How to introduce speakers
- How to be a more effective leader of people
- How to chair and run meetings
